

Synthetic rollers

Push on – Pull off

Swedtool® Synthetic rollers, Push on – Pull off

High-quality roller tool for application of gel coat and polyester

The Swedtool synthetic hair rollers are intended for the application of gel coat and polyester. The inside mechanism of internal bearings, acts as a seal, preventing it from leaking into the roller.

Durable roller with high capacity. Cover well on rough surfaces.
 With: 150 mm
 Inner diameter: 28 mm
 Pile length: 22 mm

Felt, gives a fine finish on surfaces.
 With: 150 mm and 180 mm
 Inner diameter: 28 mm and 38 mm
 Pile length: 5 mm

All round roller, gives a medium-coarse texture on surfaces.
 With: 150 mm and 180 mm
 Inner diameter: 28 mm and 38 mm
 Pile length: 18 mm

Name		Width	Diameter	Pile length
150.28.22		150mm	28mm	22mm
150.28.5		150mm	28mm	5mm
180.38.5		180mm	38mm	5mm
150.28.18		150mm	28mm	18mm
180.38.18		180mm	38mm	18mm
150.BR		150mm	Handle refill	
180.BR		180mm	Handle refill
